

PhD_Topic_Title

Facets of Complexity, Semester Report, Summer 2019

Name_Of_Student
student@email.com
University_Of_Student
SUPERVISOR(S): Name_of_the_PhD_advisor

Instructions: The report should be about 1–2 pages. It will be reviewed by selected members of the faculty and discussed at the annual workshop in Döllnsee.

Rename the template file `semester-report-FACETS-2019-Name.tex` by substituting your family name for the last part. Remove the instructions and the sample text and substitute your own text.

Submit the report as a PDF-file to Ita Brunke (i.brunke@inf.fu-berlin.de) by August 20.

Begin with a short description of your PhD topic, (the problem statement, the main questions). It should be understandable to anybody from the *Facets of Complexity* faculty.

Progress so far

Give a progress report, with references to your own work if appropriate and to other work.
